COMMERCIAL OPPORTUNITIES

IN PRINT: FEATURE OPPORTUNITIES

① **Product focus:** to include image, 100-word description and website link. **£500 + VAT**

② **Product lead:** to include full page opening image, 100-word description and website link. **£1,695 + VAT**

③ **MADE in:** A feature showcase, spotlighting a specific location and the brands that are manufactured in that region. To include a DPS with 900-word Q&A and 3-4 hi-res images to accompany. **£1,500 + VAT**

④ **SPACE Craft:** Makers & Artisans Spotlight: SPACE Craft is a premium, interview driven editorial feature (minimum two pages) that elevates a brand from traditional advertising into the magazine's core storytelling. It showcases the maker's world - the workshop, the materials, the heritage, and the innovation behind the craft.

The Commercial Advantage: high-end manufacturers often struggle to justify premium pricing through standard display ads alone. Specifiers need evidence of craftsmanship, provenance, and technical capability to reduce risk in their tenders. SPACE Craft gives decision makers the depth and reassurance they require. **£2,100 + VAT**

⑤ **Objects of Desire:** Sponsor our Q&A with a high-profile interior designer or architect and allow them to handpick a product from your latest collection for inclusion in the feature – they'll detail what they chose to include, and why. Coverage includes product image, 'in association with' status and logo presence. **£2,250 + VAT** (inclusions in 3 separate issues, as part of 3 separate interviews)

⑥ **+ Inside Back Cover advert** (positioned opposite Objects of Desire feature) for additional exposure and opportunity to showcase full collection or more collection imagery. **£4,250 + VAT**

SPACE Study: SPACE Study highlights how a leading hospitality supplier played a pivotal role in the transformation of a hotel project. By working closely with the design team, architects, and operators, how did the supplier deliver solutions that balanced aesthetic ambition with operational performance? SPACE Study is a bespoke, three page technical deep dive that demonstrates a brand's real world capability from tender to completion. **£2,800 + VAT**
